
COMPTROLLER'S SPECIAL REPORT ON LOCAL GOVERNMENT FINANCES FOR NEW YORK STATE

Village Data

**For Local Fiscal Years
Ended in 2002**

**Alan G. Hevesi
Comptroller**

VILLAGES

This chapter of the *Special Report on Local Government Finances* contains statistics for the 554 villages in New York State relating to the fiscal year ended 2002. These statistics include financial data (revenue, expenditure and indebtedness), real property tax data (assessment, tax limit and levy), equalization rates, and population and land area data. Descriptions of the data elements are presented below.

Financial data are provided directly by the villages through the filing of their annual financial reports. Real property tax data are obtained from village Constitutional tax limit forms filed by each village. Equalization rates are obtained from the New York State Office of Real Property Services, and population and land area are obtained from the U.S. Bureau of the Census.

Data contained in this chapter are presented as a statistical overview. The data is reviewed for consistency and statistical validity; however, we cannot provide assurance as to the completeness or accuracy of the information submitted. During our review, data may be adjusted to resolve significant inconsistencies.

Financial data of fiduciary funds (TA, TE) are not included in the data table. Also, in order to improve comparability of data between villages, interfund revenues and transfers between funds are not included in the financial data; however, some inflation of revenue and expenditure data may occur due to interfund transactions.

Detailed financial information is available for any individual village by contacting the New York State Comptroller's Office. Requests for additional information or questions regarding this publication should be directed to 518-474-6975 or ServiceRequest@osc.state.ny.us.

DATA DESCRIPTIONS

The following descriptions relate to the data presented for villages.

Statistical Data

Population: Each person is counted as an inhabitant of his usual place of residence or abode, in accordance with Bureau of the Census practice. Persons in the armed forces quartered on military installations and inmates of institutions are counted as residents of the area where the installation or institution is located. Persons working overseas for extended periods of time are not included in the population of the state.

Land Area: Includes both dry land and land temporarily or partially covered by water.

SPECIAL REPORT ON LOCAL GOVERNMENT FINANCES
Village Data

Real Property Assessments and Taxes

Taxable Valuation of Real Property

Assessed Value: This is the total taxable valuation of real property as shown on the assessment rolls and used for the levy of taxes for village purposes for the fiscal year ended 2002.

Full Value: This is the valuation of taxable real property determined by applying the final regular equalization rate established by the State Office of Real Property Services to the rolls used to levy taxes for village purposes for the fiscal year ended 2002.

State Equalization Rate: This indicates the average ratio of the assessed valuation to the full valuation of taxable real property, and is established by the State Board of Real Property Services. In the case of non-assessing villages, the equalization rate used for the village is the rate established for the appropriate assessment roll of the town(s) in which the village is located.

Constitutional Real Estate Tax Limit Provisions

This refers to the maximum amount of real property taxes that may be raised pursuant to the State Constitution (Article VIII, Section 10). It is a percentage limitation for operating purposes, plus budgetary appropriations for debt service (with a few exceptions) and the capital improvements for which a period of probable usefulness that has been determined by law.

Limit for Operating Purposes: The tax limitation for operating purposes is two percent of the five-year average full valuation of taxable real property.

Tax levy Subject to Limit: The tax levy subject to limit is equal to the total tax levy minus appropriations for debt service (with a few exceptions), and budgetary appropriations for which a period of probable usefulness has been determined by law.

Total Tax Levy: The total amount of real property taxes levied for village purposes for fiscal years ended in 2002.

Indebtedness

Issued During Fiscal Year: The principal amount of bonds, bond anticipation notes and other notes issued during the fiscal years ended 2002.

Paid During Fiscal Year: The principal amount of bonds, bond anticipation notes and other notes redeemed during the fiscal years ended 2002. Redemption of bond anticipation notes from the proceeds of bonds is included in this amount. Payments on refunded bonds are not included.

Constitutional or Statutory Debt Limit: The State Constitution (Article VIII, Section 4) and the Local Finance Law (Section 104.00) establish limits on the amount of debt that may be issued by villages and provide certain exclusions from these limits. Total outstanding debt may not exceed 7% of the 5-year average full valuation.

Outstanding at End of Fiscal Year (Excludes Refunded Bonds)

Total Debt: The principal balance of all indebtedness issued for village purposes outstanding at the end of the 2002 fiscal year.

Subject to Limit: This includes all bonds, bond anticipation notes, and other notes outstanding at the end of the fiscal year which are chargeable to the Constitutional or statutory debt limit.

Not Subject to Limit: This includes all outstanding bonds, bond anticipation notes, and other notes which are not chargeable to the Constitutional or statutory debt limit.

Revenues

Real Property Taxes

Taxes and Assessments: This represents the total amount of ad valorem real property taxes (taxes levied according to real property value), plus special assessments levied on real property on the basis of benefit.

Other Tax Items: This includes interest and penalties on taxes (inclusive of water and sewer rents), penalties on assessments, payments in lieu of taxes and gain from sale of tax acquired property.

Non-Property Taxes

Sales Tax: This includes revenues from sales tax distributed to the village by the county.

Other Taxes: This includes revenues from utilities gross receipts tax, franchises, etc.

Intergovernmental Revenues

State Aid: The total revenues from all State aid programs.

Federal Aid: The total revenues from all Federal aid programs whether received directly from the Federal government or through payments from the State.

Other Governments: Revenues, including utility revenues, received from other governments.

Interest on Investments: The total interest income from bank deposits or other investments.

Other Revenues: The total revenues not otherwise classified, including departmental income, licenses, permits, rentals, sales, fines and forfeits, recoveries and refunds. Interfund revenues are not included under this category.

Total: The sum of all revenues described above.

SPECIAL REPORT ON LOCAL GOVERNMENT FINANCES
Village Data

Expenditures

Expenditures for villages are presented in two ways: by Object and by Function. "Object" represents the nature of the item purchased or service provided, while "Function" identifies the activity or program which the expenditures support. All expenditures are presented by Object and by Function except that expenditures by function do not include debt service; therefore, the total expenditures by Function is equal to the total Expenditures by Object, exclusive of debt service.

Expenditures by Object

Current Operations

This category represents total expenditures for operating costs including personal services, employee benefits and contractual expenditures.

Personal Services: Total expenditures for salaries and wages.

Employee Benefits: Total expenditures for the village's share of State, police and fire retirement, social security, workers' compensation, unemployment, disability, medical, dental and other types of insurance.

Contractual Expenditures: Total expenditures for operating costs other than personal services and employee benefits.

Equipment and Capital Outlay: Total expenditures incurred for purchase of equipment and for other capital outlay such as construction and purchase of rights of way, land or existing structures. This total does not include expenditures for supplies. Supplies are items which are not capitalized and when consumed are replaced rather than being repaired. Supplies are reported as a contractual expenditure.

Debt Service

Principal: Total expenditures to reduce principal of bonds and notes which are financed through budget appropriations. These amounts may not include bond anticipation notes redeemed from the proceeds of bond issues or principal payments on short term indebtedness and bond anticipation notes from other sources (such as dedicated revenues).

Interest: Total expenditures for interest due on bonds and notes.

Total: The sum of all expenditures described above.

Expenditures by Function

Expenditures by Function are categorized by current operations, and equipment and capital outlay. Current operations include personal services, employee benefits, and contractual expenditures. Generally, employee benefits are allocated to each functional category based on personal services expenditures.

General Government: Total expenditures for executive, legislative, judicial and financial operations.

Police: Expenditures for police service.

Fire: Expenditures for fire prevention and protection.

Other Public Safety: Expenditures for public safety not included under police or fire, such as traffic control, public safety administration, on-street parking, animal control, building inspection, civil defense, examining boards, the D.A.R.E program, etc. This category may also include some police and fire expenditures that were not specifically identified.

Health: Expenditures for ambulance services, public health administration, registrar of vital statistics and all other health services.

Transportation: Expenditures for maintenance and improvement of village roads and bridges, snow removal, street lighting, other transportation activities (such as airports and bus operations), sidewalk maintenance, off-street parking, etc.

Economic Assistance: Expenditures to promote the economic welfare of the village and its residents.

Culture-Recreation: Expenditures for parks, playgrounds, youth and adult recreation programs, libraries, recreational facilities, and other cultural and recreational activities.

Home and Community Services:

Utilities: Expenditures for the operation and administration of a water, sewer, electric, gas or steam system.

Other: Expenditures for garbage collection and disposal, drainage and storm sewers, housing and community development, natural resources and activities intended to improve the general environment.

ORGANIZATION OF THE DATA

In the data table, villages are listed alphabetically. The fiscal years of villages vary, with 512 villages having fiscal years which end on May 31; other villages' fiscal years are as follows:

December 31: Airmont, East Nassau, Harrison, Islandia, Montebello, New Hempstead, Ossining and Sloatsburg

February 28: Baldwinsville, Carthage, Churchville, Cornwall, Deposit, Fort Ann, Freeport, Great Neck Plaza, Hammondsport, Head of the Harbor, Hewlett Bay Park, Homer, Kensington, Lindenhurst, Newark Valley, Northport, Old Field, Phoenix, Russell Gardens, Saddle Rock, Sherburne, South Corning, Thomaston, Washingtonville, Weedsport, Windsor, and Woodsburgh

March 31: Alexander

July 31: East Hampton, Lake Placid, Monticello, Owego, Shoreham, and Woodridge

(1) Typically, when no equalization rate is shown, this indicates a non-assessing village located in more than one town.

(2) The revenues and expenditures of the coterminous Town/Village of Green Island are reported in both the town and village annual financial reports.

(3) The revenues and expenditures of the coterminous Town/Village of Harrison are reported in both the town and village annual financial reports.
